Globalisation in the economic, social and political fields has been on the rise since the 1970s, receiving a particular boost after the end of the Cold War.* **Inequality in South Africa | NGO Pulse** *South Africa is one of the most unequal countries in the world. It is often said to be the most unequal, but that is incorrect. A number of countries, for example Namibia and Seychelles, have higher gini coefficients (the measure most often used to measure income distribution) than does South Africa 1. There are a number of other countries that are clearly very unequal - some major oil ...* **Is Globalization Reducing Poverty and Inequality ...** *Over the past 20 years or so India, China, and the rest of East Asia, experienced fast economic growth and falls in the poverty rate, Latin America stagnated, the former Soviet Union, Central and Eastern Europe, and sub-Saharan Africa regressed.* **Challenges facing the Argentinean labour movement in the ...** *The situation in the labour market also shows some critical aspects. Firstly, unemployment and underemployment remain at one of the highest levels in Argentinean history (between 7% and 8% each), although they are lower compared with the situation in the '90s.* **Income Inequality - Our World in Data** *How does income inequality differ from consumption inequality? The visualization below provides a comparison of inequality in consumption and inequality in incomes for a number of middle-income countries.* **CHAPTER FIVE THE SOCIOLOGY OF EDUCATION** **Richard Waller** *Education policy changes followed the recognition that, despite the expansion of secondary schooling for all after the Second World War with the implementation of the 1944 Butler Education Act, massive social inequality persisted, which the education system was having little success in addressing.* **Budget 2018 Together, A Better Future** **MINISTRY OF FINANCE 6 A 10.** *The second shift is the emergence of new technologies. a.
