The hypothesis claims that there is an ideal time window to acquire language in a linguistically rich environment, after which further language acquisition becomes much more difficult and effortful. Teaching and Learning with Mobile Technology: A ... This paper investigates teachers' and students' perceptions concerning the impact of using tablet devices for teaching and learning purposes. An explorative focus group study was conducted with teachers (n = 18) and students (n = 39) in a secondary school that has implemented tablet devices since 2012. The general finding of this study shows that the use of tablet devices in the classroom ... An aggressive child is a stressed child, but aggression is the behaviour that generally elicits the least care and empathy from adults, but sadly it's when they need our sensitivity the most. If we could respond to very out of balance behaviour with some of the same qualities that we respond to physical illness, we'd ... **READING ROOM - Frank Visser** Most recent additions to this Reading Room; David Lane & Andrea Diem-Lane, *Listening to the Inner Sound, The Perennial Practice of Shabd Yoga*, September 2018 Knut K.
